

Gas Pedals & Guard

For more information check out our website at www.suregrip-hvl.com

SURE FOOT (REMOVABLE) LEFT FOOT GAS PEDAL

- SURE FOOT was designed to offer you a left foot gas pedal which acts exactly like your vehicle's existing gas pedal.
- SURE FOOT Removable features a quick-release base so the entire assembly can be removed and re-installed quickly and easily.
- To remove the gas pedal, simply loosen the thumbscrew and lift the entire main assembly off the base.
- To re-install SURE FOOT removable, place the main assembly on the base (two locator pins helps you line up the holes) and tighten the thumbscrew.

ADDITIONAL DRIVER BENEFITS

- Attached to the aluminum base, SURE FOOT Removable comes equipped with an adjustable pedal guard
- Manufactured from stainless steel, the gas pedal possesses pressed punch-out holes for a non-skid surface
- For those desiring a softer textured pedal, SURE FOOT also offers a foam covered- gas pedal
- With two oil light bushings and a steel rod, SURE FOOT was engineered to allow for a smooth, fluid acceleration providing you with a comfortable relaxing drive

With two models to choose from (fixed or removable), you can be sure your clients get off on a SURE FOOT!
